

Cybaem Tech: Empowering Your Digital Future

Cybaem Tech Private Limited is an IT services company based in Pune, India, dedicated to delivering customized digital solutions. We empower businesses of all sizes to enhance performance, security, and scalability in today's digital-first world.

Our Vision & Mission

Vision

To become a globally recognized leader in IT services by enabling businesses through secure, intelligent, and future-ready technologies.

Mission

- Deliver secure, innovative, and scalable IT solutions.
- Support clients with high-quality technical services.
- Drive business efficiency through automation and digital enablement.

Comprehensive Core Services

Cloud Services

Expertise in AWS, Azure, and GCP for seamless migration, deployment, cost optimization, and disaster recovery.

DevOps & Automation

Streamlining operations with CI/CD pipelines, Docker, Kubernetes, and Infrastructure as Code using Terraform.

IT Infrastructure Management

Comprehensive network design, server management, desktop support, and 24/7 remote monitoring.

Cybersecurity Solutions

Robust protection with VAPT, firewall security, identity management, and incident response planning.

Driving Digital Transformation

Managed IT Services

SLA-based L1-L3 support, outsourced helpdesk, server maintenance, and IT compliance assistance for seamless operations.

IT Staff Augmentation

Flexible hiring models for dedicated engineers, including developers, cloud engineers, and support analysts to scale your team.

Software & Web Development

Custom application development, full-stack solutions (React, Laravel, Python), API integration, and UI/UX design.

Web & Email Hosting

Setup for Google Workspace & Microsoft 365, domain registration, various hosting options, and SSL certificates for secure online presence.

Digital Marketing

SEO, Google Ads & PPC campaigns, social media management, performance analytics, and strategic content marketing.

Industries We Serve

Cybaem Tech provides tailored IT solutions across a diverse range of sectors, understanding the unique challenges and opportunities within each industry.

- Information Technology & SaaS
